

PLAY, LEARN & CREATE

Peas to meet you!

CPOD is a Play, Learn, Create project for young adults with ND to help them develop creative skills. These skills are then developed to create content to go into our online magazine at CPOD.FUN

All of these items have been handmade by the Knights and Dames at CPOD
All profits generated from the sale of these goods go towards the running of our sessions.

CPOD.fun is a local community interest group administered by www.connectability.me
CPOD receives no funding from government and relies 100% on private donations and grants.
